Mrs Blyth came along to the meeting and listened to the ideas that had been gathered. She was very impressed with many of the ideas and it was decided that we would choose the following three items to promote;

1. Lunchtimes: Posters will be designed promoting healthy eating and what a healthy lunch box should/should not look like. A leaflet for use in classrooms could also be produced using this information.
2. Lunchtimes: Information/posters will be created about behaviour/rules at lunch and play time. Staff will be asked to participate in a skills survey in the hope they may be able to run a lunchtime club.
3. Classroom names: Reps will ask their classes for ideas for new classroom names.
