

**ECO COUNCIL  
MINUTES OF MEETING  
TUESDAY 7 NOVEMBER 2017**

Present:

Reception	Dehryn & Finlay
Year 1	Maleah & Corey
Year 2	Max & Shannon
Year 3	Alexander & Jessica
Year 4	Louis
Year 5	Filip & Lacey
Year 6	Caerwyn & Kate

Staff present: Mrs Huntington & Mrs Wootton.

Mrs Huntington welcomed everyone to the meeting and explained that the children would be using tools for weeding in the Wild Life Haven. Mrs Huntington talked about safety reminding everyone about how to use the tools safely.

Everyone worked very hard digging the ground over and clearing weeds from one of the raised beds. This bed is starting to look good enough for planting, we just need to prepare the other two!

Time was limited as children did not arrive prepared today 😞. Hopefully when we return to weeding in the new year we have more time.

At the next meeting we will stay inside and the children will investigate energy and how, as a school, we can save it. Then during the following two sessions children will design energy saving posters that will be put up around the school.

In the new year Mrs Huntington is going to talk to the Eco Council about composting and what is needed to do this effectively. Eco councillors will then hopefully get the opportunity to start the composting process.

**Next meeting: Tuesday 21 November 2017.**
